

Plasman

One Company, One Driving Force.

Plasman is a leading global automotive and manufacturing company with several locations across North America and Europe. With a rich history dating back over 40 years, our collaborative approach, work ethic, and commitment have made us a global leader in automotive components. We believe the only thing that separates the possible from the impossible is perspective.

At Plasman, you will work with the world's best and brightest to shape the future of our global company. Our employees come from rich and diverse backgrounds working collectively together for the success of one company. We believe the most impressive thing we have built is our workforce. And together, we will accomplish more than ever imagined. We are Plasman. And we are One Driving Force™.
